SATELLITE APPOINTMENT INFORMATION AND REQUIREMENTS

Visitors to either of our satellite locations for appointments are asked to be compliant with the following:

- ↪ If you are coming for a movement evaluation please bring tack to be prepared for the possibility of evaluating your horse being ridden.
 - ↪ No dogs are permitted at either location. No exceptions.
 - ↪ Please be courteous of the privacy of the farm and their horses.
 - ↪ If there has been any known illness/fever at your horse's regular residence please make that known to the veterinarian your appointment is with.
 - ↪ If your horse has been maintained on any non-steroidal anti-inflammatory, including but not limited to Bute, Banamine or Equioxx/Previcox please make that known in advance of your appointment. It is preferred to evaluate your horse without the influence of such medications.
 - ↪ A stall may or may not be available during your appointment. If there is an absolute requirement for one please discuss prior to your appointment.
